PROGRAM NOTES

Who? Where? Eat. and *Hungry for more* were commissioned by The Community Composing Project for The Writing Center in the College of Arts & Letters at Michigan State University for the CMS Singers choir, with the purpose of reflecting on hunger in the Midwest. Hunger for food and also hunger as a synonymous of longings and unfulfilled desires.

The text of both pieces is a combined effort that includes the hand and creativity of the children of the Community Music School (CMS) Singers Choir from East Lansing, MI, Angélica de Jesús, and myself.
